Part A: Pupil premium strategy plan

Statement of intent

Our mission is to create a safe and stimulating environment for children to learn and thrive in. We aim to forge excellent relationships with children to ensure their best interests are acknowledged, and their strengths are highlighted and encouraged. We will provide a range of experiences for children through creativity and links with their community.

Common barriers to learning for disadvantaged pupils may include:

- Less support at home.
- Weak language and communication skills.
- Lack in confidence.
- More frequent behaviour difficulties.
- Attendance and punctuality.

There may also be complex family situations that prevent children flourishing. The challenges are varied and there is no 'one size fits all' plan for support

Our ultimate objectives are:

- To eliminate the attainment gap between disadvantaged and non-disadvantaged pupils.
- For all disadvantaged pupils in school to meet or exceed nationally expected progress.
- For all disadvantaged pupils to access extra-curricular activities.

We aim to do this through:

- Frequent monitoring of data to ensure accurate and timely identification of pupils in need of support.
- Ensuring that teaching and learning opportunities meet the needs of all the pupils that where pupils have specific needs, that these are addressed through high quality, evidence-based interventions led by appropriately trained staff.
- Close monitoring of attendance at extra-curricular provisions along with promotion and support to increase the attendance of vulnerable learners.
- Ensuring that vulnerable learners have access to high quality pastoral and mental support.
- When making provision for socially disadvantaged pupils, we recognise that not all pupils who receive free school meals will be socially disadvantaged and that

Kings Caple Primary Academy 2023-24 not all pupils who are socially disadvantaged are registered or qualify for free school meals.

Achieving these objectives:

The range of provisions available at Kings Caple include but are not limited to:

- Frequent monitoring and intervention of progress and needs.
- Literacy and numeracy support which includes in class support and small group work
- Tracking and monitoring attendance to provide intervention and support where a need is identified
- Frequent contact and support with parents regarding uniform, equipment, extracurricular activities and trips
- Providing laptops to support with access to homework and remote learning
- Allocating high quality teaching assistants to support learning and wellbeing

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Staff awareness of PP learners and strategies for success
2	Lack of basic skills in literacy and numeracy
3	Limited parental engagement in school and learning resulting in reduced homework completion, a lack of readiness for school and, for some, reduced ambition
4	The involvement of pupils in extra-curricular activities and trips
5	Overall progress of PP pupils

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria

Analysis of results 2023-24

Desired Outcome	Impact
Funding for extra-curricular visits and clubs.	Children have attended trips alongside their peers. They have also had the opportunity to attend breakfast and after school club which has provided them with focus and improved their socialising skills at the same time as assisting their working parents.
TA support/ intervention groups for literacy and numeracy.	TA support and intervention groups have enabled PP children to access all areas of the curriculum, regardless of their level of ability, whilst in school. During the lockdown, PP children were targeted to access specialised resources online and received additional support if they attended as key worker children.
Funding for TA hours to focus on nurture	TA support has been used for nurture. Time has been set aside to support children using TAs ELSA training.
Employ a one to one TA for LA PP child	TA has been supporting LA PP child in class with basic skills, Literacy and Numeracy.
Family support for welfare and attendance including EHA assessments	Guidance and support for families with EHA application.
Employment of speech and language therapist	The SLT has worked closely with identified children to enable them to communicate to the best of their ability. This has had a positive impact on their achievements in learning.
